Home Wi-Fi & Network Assistance

Make your home network easier to manage.

Why have us do it

- Network issues can affect many devices.
- Guest Wi-Fi can help organise access.
- Router security settings are important.
- Straightforward changes may solve problems.

How we'll do it

1. We review your current network setup.
2. We discuss Wi-Fi and guest network options.
3. We help configure basic router settings.
4. We explain recommended safety checks.

What we need from you

- Your router details and login access.
- Information about your internet provider.
- Access to affected devices if needed.
- Any extra equipment bought separately.

That's it: you tell us what you need, we set it up and check it.
