
Software Installation & Training

Get useful software working for you.

Why have us do it

- The right applications can simplify work.
- Free software may offer useful alternatives.
- Correct configuration avoids frustration.
- Training helps you get started confidently.

How we'll do it

1. We discuss the tasks you need to do.
2. We recommend compatible applications.
3. We install and configure agreed software.
4. We demonstrate important everyday tasks.

What we need from you

- Your computer and software requirements.
- Permission to install applications.
- Any licences or subscriptions needed.
- Time for a practical demonstration.

That's it: you tell us what you need, we set it up and check it.
