Why have us do it

- Accurate listings help customers shop confidently.

- Well-organised collections are easier to browse.
- We can help with ordinary product management tasks.

How we'll do it

1. We review the shop and changes required.
2. We add or update agreed product listings.
3. We organise product photos and collections.
4. We test listings and basic digital-download settings.

What we need from you

- Access to your online store account.
- Your product names, prices, images and descriptions.
- Any platform or payment processing fees.
- Approval of the updated product listings.

That's it: you tell us what you need, we set it up and check it.
