
Small Business Digital Setup

Put the essentials of your business online.

Why have us do it

- Make it easier for customers to find you.
- Give your business consistent online details.
- Connect your website, email and listings.
- Start with a practical, manageable setup.

How we'll do it

1. We discuss your business and goals.
2. We plan website and email requirements.
3. We configure relevant listings and links.
4. We test the setup and hand it over.

What we need from you

- Your business details and branding.
- Your website and email account access.
- Verification details where required.
- Any domain, hosting and platform costs.

That's it: you tell us what you need, we set it up and check it.
