GROUND SUPPORT CREW

WE KEEP YOU FLYING

Computer Setup & Optimisation

A ready-to-use computer, configured for your needs.

WHAT THIS SERVICE INCLUDES

- New computer setup, account sign-in and essential settings.
- Operating system updates and basic security settings.
- Installation of agreed applications and useful tools.
- Performance review, startup tidy-up and storage checks.

GOOD TO KNOW

We can guide you through setup remotely where practical. Device repairs, new hardware and paid software are quoted separately.
