Business Social Media Setup

Get your business profile ready to be found.

Why have us do it

- Consistent profiles make a business easier to recognise.
- Clear descriptions help people understand what you offer.
- Correct contact details make enquiries easier.
- We explain the basics without promising follower counts.

How we'll do it

1. We discuss which platforms suit your business.
2. We configure chosen business profiles.
3. We add supplied branding and contact information.
4. We review privacy and show you how to post.

What we need from you

- Your logo, images and business description.
- An email address for the platform accounts.
- Any verification information the platform requires.
- Approval of the completed profile.

That's it: you tell us what you need, we set it up and check it.
